

## Notes on the locking in place of the phase selector in the case of track-mounted spotlights

There are two adapter variants

### Variant 1

Adapter in the case of spotlights of the series Tecno, Cardo, Elettra, Stage, Brick BTL, BHL

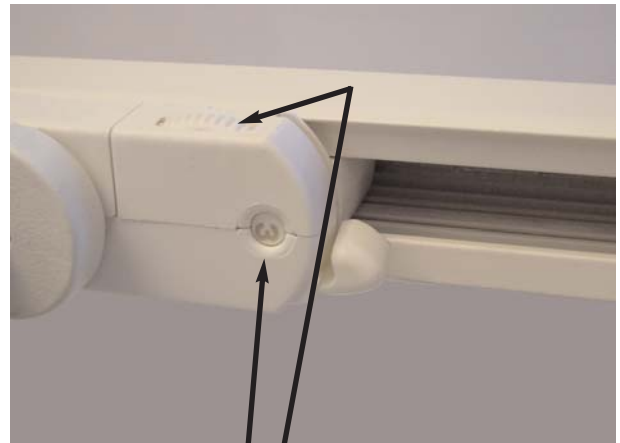

Marking mark for the electric current number

#### Phase selector

For correct operation the electric circuit number (1, 2 or 3) must be exactly on the marking!

### Variant 2

Adapter in the case of spotlights of the series Boxx and Brick BSS, BES, BEC, BRL, BRS

Viewing window for the electric circuit number

#### Phase selector

For correct operation the electric circuit number (1, 2 or 3) must appear/engage exactly in the viewing window!
